

# INKJET ROLLS

## Satin Coated & Glossy Coated

### Description

- Exceptional colour reproduction
- High resolution of details and excellent contour definition
- High ink absorption capacity
- Lamination (hot/cold) is recommended to secure long-lasting unchanged image quality.
- **Available in two finishes, gloss and satin.**

### Applications

- Universal paper for poster and photo applications.
- This micro porous coated, satin photo paper with PE film on both sides, is suitable for indoor posters and photo applications and offers outstanding value for money.
- The coating is optimised for use with aqueous ink systems and enables quick drying.
- Prints impress with high colour brilliance and a broad colour gamut.
