

C-Opak

Rebecca **Thin**

Description

C-Opak is a thin opaque paper, specially designed to produce high-pagination books. Available in 40, 45, 50 and 60g/m², it has a reinforced opacity, exceptional for its thickness. Its warm colour improves reading comfort, and its very silky touch makes it very pleasant to hold and move the pages. Innovative, **C-Opak** can be printed on high-speed inkjet presses as well as on rotary or offset presses.

Technical specifications

Substance	<i>gsm</i>	40	45	50	60	NF EN ISO 536
Thickness	<i>μm</i>	50	53	63	75	NF EN ISO 534
