ROUGHNESS

C-OPAK / C-PHARMA / SMART PRINT

REBECCA Thin

C-Opak

Spécialement conçu pour la fabrication de livres à forte pagination. Il présente une opacité renforcée, exceptionnelle pour son épaisseur. Sa teinte chaude, améliore le confort de lecture et son toucher très soyeux rend la préhension et le mouvement des pages très agréable. Innovant, il s'imprime aussi bien sur presse jet d'encre haute vitesse qu'en rotative ou presse offset.

C-Pharma

Cette gamme de papier fin très opaque est destinée à l'usage de la notice pharmaceutique et cosmétique ainsi qu'à l'impression d'ouvrages à forte pagination. Aptitude offset et jet d'encre rapide.

Smart Print Papers

Avec une blancheur élevée de 168 CIE ainsi qu'une bonne opacité, cette gamme de papier se décline en papier offset & preprint ainsi qu'en ramettes pour la bureautique. Garantie pour un parfait passage en impression laser.

C-Opak

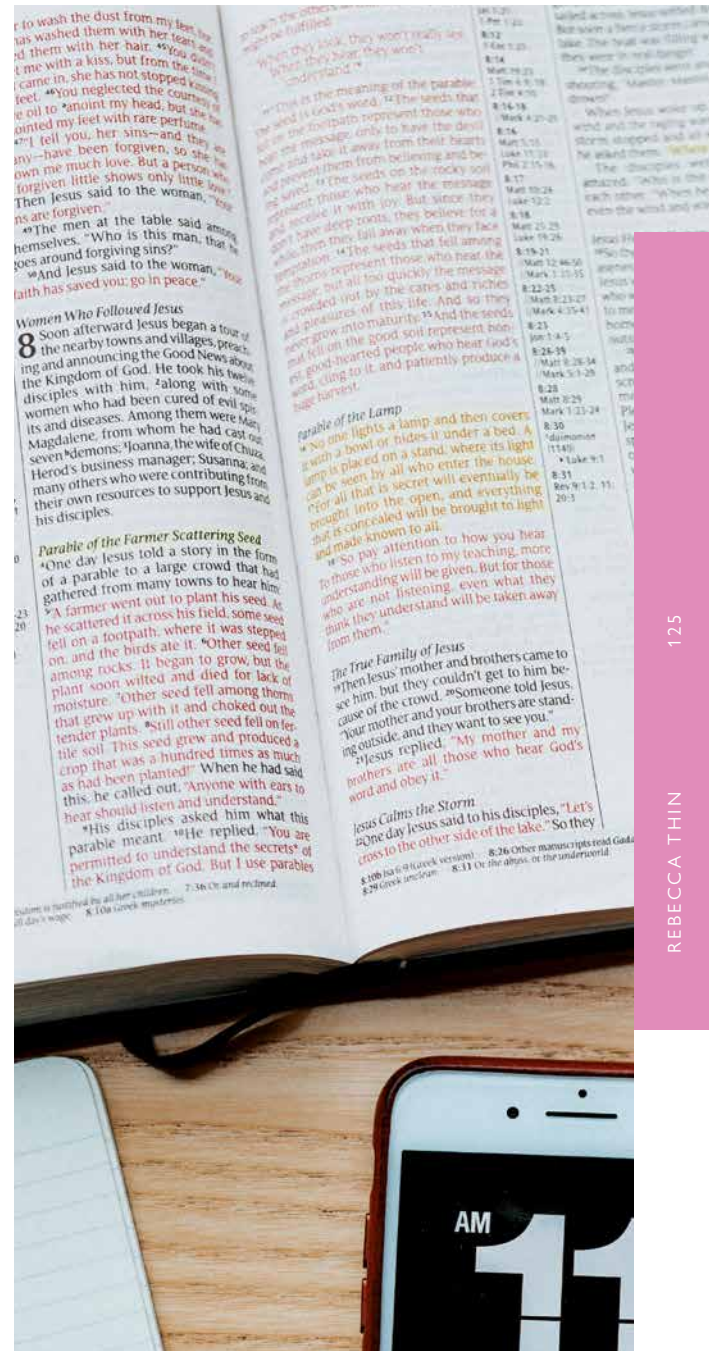

Specially designed to produce high-pagination books. It has a reinforced opacity, exceptional for its thickness. Its warm colour improves reading comfort, and its very silky touch makes it very pleasant to hold and move the pages. Innovative, it can be printed on high-speed inkjet presses as well as on rotary or offset presses.

C-Pharma

This range of fine, highly opaque paper is designed for pharmaceutical and cosmetic leaflets and for the printing of high-pagination books. The papers are suitable for offset and high-speed inkjet printers.

Smart Print Papers

With a high whiteness of 168 CIE as well as a good opacity, this range of paper is available in offset & preprint papers as well as in reams for office use. Guaranteed to perfectly pass through laser printing.
