

Glossy coated

Papiers **Plotters**

Description

Universal paper dedicated to poster and photo printing.

Glossy Coated is a glossy and microporous photo paper, coated with a PE film on both sides, particularly suitable for indoor posters and photo applications.

Its coating is optimized for use with aqueous or pigmented ink systems and allows for quick drying. Glossy Coated offers excellent image definition and a broad colour gamut.

Applications

Black, White and colour / reproduction of photos, posters.
